

ATAC RESOURCES LTD.

MANAGEMENT INFORMATION CIRCULAR FOR THE ANNUAL GENERAL MEETING OF SHAREHOLDERS TO BE HELD ON MAY 23, 2018

This information is given as of April 16, 2018

I. SOLICITATION OF PROXIES

This Information Circular is furnished in connection with the solicitation of proxies by the management of **ATAC RESOURCES LTD.** (the "Company") for use at the Annual General Meeting (the "Meeting") of the shareholders of the Company, to be held at the time and place and for the purposes set forth in the accompanying Notice of Meeting and at any adjournment thereof.

These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

II. PERSONS OR COMPANIES MAKING THE SOLICITATION

The enclosed instrument of proxy is solicited by management. Solicitations will be made by mail and possibly supplemented by telephone or other personal contact to be made without special compensation by regular officers and employees of the Company. The Company may reimburse shareholders' nominees or agents (including brokers holding shares on behalf of clients) for the cost incurred in obtaining authorization from their principals to execute the instrument of proxy. No solicitation will be made by specifically engaged employees or soliciting agents. The cost of solicitation will be borne by the Company. None of the directors of the Company has advised management in writing that they intend to oppose any action intended to be taken by management as set forth in this Information Circular.

III. APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the accompanying instrument of proxy are directors or officers of the Company. **A shareholder has the right to appoint a person to attend and act for him on his behalf at the Meeting other than the persons named in the enclosed instrument of proxy. To exercise this right, a shareholder shall strike out the names of the persons named in the instrument of proxy and insert the name of his nominee in the blank space provided, or complete another instrument of proxy.**

The completed instrument of proxy must be dated and signed and the duly completed instrument of proxy must be deposited with the Company's transfer agent, Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario M5J 2Y1 at least 48 hours before the time of the Meeting or any adjournment thereof, excluding Saturdays, Sundays and holidays.

The instrument of proxy must be signed by the shareholder or by his duly authorized attorney. If signed by a duly authorized attorney, the instrument of proxy must be accompanied by the original power of attorney or a notarially certified copy thereof. If the shareholder is a corporation, the instrument of proxy must be signed by a duly authorized attorney, officer, or corporate representative, and must be accompanied by the original power of

attorney or document whereby the duly authorized officer or corporate representative derives his power, as the case may be, or a notarially certified copy thereof. The Chairman of the Meeting has discretionary authority to accept proxies which do not strictly conform to the foregoing requirements.

In addition to revocation in any other manner permitted by law, a shareholder may revoke a proxy by (a) signing a proxy bearing a later date and depositing it at the place and within the time aforesaid, (b) signing and dating a written notice of revocation (in the same manner as the instrument of proxy is required to be executed as set out in the notes to the instrument of proxy) and either depositing it at the place and within the time aforesaid or with the Chairman of the Meeting on the day of the Meeting or on the day of any adjournment thereof, or (c) registering with the scrutineer at the Meeting as a shareholder present in person, whereupon such proxy shall be deemed to have been revoked.

IV. VOTING OF SHARES AND EXERCISE OF DISCRETION OF PROXIES

On any poll, the persons named in the enclosed instrument of proxy will vote the shares in respect of which they are appointed and, where directions are given by the shareholder in respect of voting for or against any resolution, will do so in accordance with such direction.

In the absence of any direction in the instrument of proxy, it is intended that such shares will be voted in favour of the resolutions placed before the Meeting by management and for the election of the management nominees for directors and auditor, as stated under the headings in this Information Circular. The instrument of proxy enclosed, when properly completed and deposited, confers discretionary authority with respect to amendments or variations to the matters identified in the Notice of Meeting and with respect to any other matters which may be properly brought before the Meeting. At the time of printing of this Information Circular, the management of the Company is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. However, if any such amendments, variations or other matters should properly come before the Meeting, the proxies hereby solicited will be voted thereon in accordance with the best judgment of the nominee.

V. ADVICE TO BENEFICIAL HOLDERS OF COMMON SHARES

Only registered holders of common shares of the Company or the persons they validly appoint as their proxies are permitted to vote at the Meeting. However, in many cases, common shares beneficially owned by a person (a “**Non-Registered Holder**”) are registered either: (i) in the name of an intermediary (an “**Intermediary**”) (including banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans) that the Non-Registered Holder deals with in respect of the shares, or (ii) in the name of a clearing agency (such as the Canadian Depository for Securities Limited) of which the Intermediary is a participant.

Distribution to NOBOs

In accordance with the requirements of the Canadian Securities Administrators and National Instrument 54-101, “Communication with Beneficial Owners of Securities of a Reporting Issuer” (“**NI-54-101**”), the Company will have caused its agent to distribute copies of the Notice of Meeting and this Circular (collectively, the “**meeting materials**”) as well as a Voting Instruction Form directly to those Non-Registered Holders who have provided instructions to an Intermediary that such Non-Registered Holder does not object to the Intermediary disclosing ownership information about the beneficial owner (“**Non-Objecting Beneficial Owner**” or “**NOBO**”).

These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your

name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf.

By choosing to send these materials to you directly, the Company (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for Voting Instruction Form enclosed with mailings to NOBOs.

The meeting materials distributed by the Company's agent to NOBOs include a Voting Instruction Form. Please carefully review the instructions on the Voting Instruction Form for completion and deposit.

Distribution to OBOs

In addition, the Company will have caused its agent to deliver copies of the meeting materials to the clearing agencies and Intermediaries for onward distribution to those Non-Registered Shareholders who have provided instructions to an Intermediary that the beneficial owner objects to the Intermediary disclosing ownership information about the beneficial owner ("**Objecting Beneficial Owner**" or "**OBO**").

Intermediaries are required to forward the meeting materials to OBOs unless an OBO has waived his or her right to receive them. Intermediaries often use service companies such as Broadridge Proxy Services to forward the meeting materials to OBOs. Generally, those OBOs who have not waived the right to receive meeting materials will either:

- (a) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile stamped signature), which is restricted as to the number of shares beneficially owned by the OBO, but which is otherwise uncompleted. This form of proxy need not be signed by the OBO. In this case, the OBO who wishes to submit a proxy should properly complete the form of proxy and deposit it with **Computershare Investor Services Inc.** in the manner set out above in this Information Circular, with respect to the common shares beneficially owned by such OBO; **OR**
- (b) more typically, be given a voting registration form which is not signed by the Intermediary and which, when properly completed and signed by the OBO and returned to the Intermediary or its service company, will constitute authority and instructions (often called a "**proxy authorization form**") which the Intermediary must follow. Typically, the proxy authorization form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the proxy authorization form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label containing a bar-code or other information. In order for the form of proxy to validly constitute a proxy authorization form, the OBO must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit the OBO to direct the voting of the shares he or she beneficially owns.

Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the persons named in the form and insert the Non-Registered Holder's name in the blank space provided. In either case, Non-Registered Holders should carefully follow the instructions, including those regarding when and where the proxy or proxy authorization form is to be delivered.

B. Compensation Discussion and Analysis

COMPENSATION PROGRAM OBJECTIVES

The Company's compensation policies and programs are designed to be competitive with similar junior resource exploration companies and to recognize and reward executive performance consistent with the success of the Company. These policies and programs are intended to attract and retain capable and experienced people. The Company's Corporate Governance and Compensation Committee's role and philosophy is to ensure that the Company's goals and objectives, as applied to the actual compensation paid to the Company's President and Chief Executive Officer and other executive officers, are aligned with the Company's overall business objectives and with shareholders interests.

In addition to informal industry comparables from publicly available information, the Corporate Governance and Compensation Committee considers a variety of factors when determining both compensation policies and programs and individual compensation levels. These factors include the long-range interests of the Company and its shareholders, overall financial and operating performance of the Company, and the Corporate Governance and Compensation Committee's assessment of each executive's individual performance and contribution toward meeting corporate objectives. Performance is also recognized through the Company's incentive option plan.

ROLE OF EXECUTIVE OFFICERS IN DETERMINING COMPENSATION

The Corporate Governance and Compensation Committee reviews and recommends compensation policies and programs to the Company, as well as salary and benefit levels for the Company's executives. The Company's President and Chief Executive Officer may not be present during meetings of the Corporate Governance and Compensation Committee at which their compensation is being discussed. The Board of Directors makes the final determination regarding the Company's compensation programs and practise.

ELEMENTS OF THE COMPENSATION PROGRAM FOR FISCAL YEAR 2017

The total compensation plan for the NEOs is comprised of two components: base salary or consulting fees and stock options. There is no policy or target regarding cash and non-cash elements of the Company's compensation program. The Corporate Governance and Compensation Committee annually reviews the total compensation of the Company's executives against the backdrop of the compensation goals and objectives described above and make recommendations to the Board of Directors concerning the individual components of the executives' compensation.

BASE SALARY

As a junior exploration resource company with no ongoing cash flow or revenues from production, the Company establishes compensation to its executive officers at a reasonable level, in keeping with the Company's available resources.

STOCK OPTIONS

The Company has a Stock Option Plan (the "Plan") in place for the granting of stock options to the directors, officers, employees and consultants of the Company. The purpose of granting such stock options is to assist the Company in compensating, attracting, retaining and motivating such persons and to closely align the personal interest of such persons to that of the Company's shareholders, having regard to the fact that the Company has

no ongoing cash flow or revenue from production and, as a result, there are limited funds available for the payment of salaries or consulting fees. The allocation of options under the Plan is determined by the Corporate Governance and Compensation Committee which, in determining such allocations, considers such factors as previous grants to individuals, overall Company performance, share price, the role and performance of the individual in question, the amount of time directed to the Company's affairs and time expended in serving on the Company's committees.

RISK CONSIDERATIONS

Commencing in 2012, the Corporate Governance and Compensation Committee started to review from time to time and at least once annually, the risks, if any, associated with the Company's compensation policies and practices at such time. Such a review occurred at the time of preparation of this Compensation Discussion and Analysis. Implicit in the Corporate Governance and Compensation Committee's mandate is that the Company's policies and practices respecting compensation, including those applicable to the Company's executives, be designed in a manner which is in the best interests of the Company and its shareholders, and risk implications is one of many considerations which are taken into account in such design.

It is anticipated that a portion (set at a level consistent with its industry peers) of the Company's executive compensation will consist of options granted under the Plan. Such compensation is both "long term" and "at risk" and, accordingly, is directly linked to the achievement of long term value creation. As the benefits of such compensation, if any, are not realized by the executives until a significant period of time has passed, the ability of executives to take inappropriate or excessive risks that are beneficial to them from the standpoint of their compensation at the expense of the Company and its shareholders is extremely limited.

The other element of compensation, salary, represents the remaining portion of an executive's total compensation. While salary is not "long term" or "at risk", as noted above, these components of compensation represent a relatively small part of total compensation, and as a result it is unlikely that an executive would take inappropriate or excessive risks at the expense of the Company and its shareholders that would be beneficial to the executive from the standpoint of the executive's short term compensation when his or her long term compensation might be put at risk from such actions.

Due to the relatively small size of the Company, and the current level of the Company's activity, the Board and the Corporate Governance and Compensation Committee are able to closely monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any, may be identified and mitigated through regular Board meetings, during which financial and other information pertaining to the Company will be reviewed, which review will include executive compensation. No risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

There are no policies in place pursuant to which an NEO or director is permitted to purchase financial instruments including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by an NEO or director.

C. Summary Compensation Table

Graham N. Downs, the Company’s President and CEO, and Larry B. Donaldson, the Company's CFO, are the NEOs of the Company for the purposes of the following disclosure. D. Incentive Plan Awards

As disclosed under "B. Compensation Discussion and Analysis" of this Item IX ("Statement of Executive Compensation"), the Company has a Stock Option Plan (the "Plan") in place for the purpose of attracting and motivating directors, officers, employees and consultants of the Company and advancing the interests of the Company by affording such persons the opportunity to acquire an equity interest in the Company through rights granted under the Plan to purchase shares of the Company. A copy of the Plan will be available for review at the Meeting.

Options are granted from time to time under the Plan as determined by the Board of Directors upon recommendation from the Corporate Governance and Compensation Committee, including options granted to executive officers. Previous grants of options under the Plan are taken into account when the granting of new options is being considered.

OPTION REPRICINGS

There were no repricings of stock options granted under the Company’s Stock Option Plan during the financial year ended December 31, 2017.

E. Pension Plan Benefits

The Company has no defined benefit plans that provide for payments or benefits to any NEO at, following or in connection with retirement.

The Company also does not have any defined contribution or deferred compensation plans relating to any NEO.

F. Termination and Change of Control Benefits

Other than as disclosed herein, the Company does not have any pension or retirement plan which is applicable to the NEOs. The Company has not provided compensation, monetary or otherwise, during the most recently completed financial year, to any person who now or previously has acted as an NEO of the Company, in connection with or related to the retirement, termination or resignation of such person, and the Company has provided no compensation to any such person as a result of a change of control of the Company. The Company is not party to any compensation plan or arrangement with an NEO resulting from the resignation, retirement or termination of employment of any such person.

There are no compensatory plans or arrangements between the Company and an NEO with respect to the resignation, retirement or other termination of employment of the NEO, a change of control of the Company, or a change in the NEO’s responsibilities following a change of control of the Company involving an amount, including all periodic payments or instalments, exceeding \$50,000, save and except that the Company may terminate its employment agreement with its President and CEO Graham Downs by paying an amount equal to 18 months of salary in lieu of notice; in addition, in the event of a change of control of the Company resulting in an “event of termination” within six months of a change of control, Mr. Downs may elect to terminate his employment agreement with the Company, in which event the Company would be required to make a severance payment equal to 24 months salary.

⁽⁷⁾ “Value vested during the year” means the aggregate dollar value that would have been realized if the options under the option-based award had been exercised on the vesting date. This amount is calculated by determining the difference between the market price of the underlying securities at exercise and the exercise or base price of the options under the option-based award on the vesting date. There was no cash compensation actually paid to any of the NEOs disclosed in the above table in connection with the option-based awards in respect of which these values vested during the year were calculated.

XIII. CORPORATE GOVERNANCE

Pursuant to National Policy 58-101 – Disclosure of Corporate Governance Practices (“NP 58-101”) the Company is required to and hereby discloses its corporate governance practices as follows:

1. Board of Directors

The Board of Directors of the Company facilitates its exercising of independent supervision over the Company’s management through frequent meetings of the Board, both with and without members of the Company’s management (including members of management that are also directors) being in attendance.

Bruce J. Kenway, Bruce Youngman and Don Poirier are “independent” directors in that each is independent and free from any interest, and any business or other relationship which could reasonably be perceived to materially interfere with the director’s ability to act with the best interests of the Company, other than interests and relationships arising from shareholdings.

Robert C. Carne, Glenn R. Yeadon and Douglas O. Goss are members of management and/or provide services to the Company for which they are compensated, and are therefore not independent.

The mandate of the Board, as prescribed by the *Business Corporations Act (British Columbia)*, is to manage or supervise the management of the business and affairs of the Company and to act with a view to the best interests of the Company. In doing so, the Board oversees the management of the Company’s affairs directly and through its committees.

2. Directorships

Certain of the directors of the Company (or nominees for director) are presently a director in one or more other reporting issuers, as follows:

Other Issuers

Robert C. Carne

Rockhaven Resources Ltd.

Bruce J. Kenway

Strategic Metals Ltd. and Silver Range Resources Ltd.

Glenn R. Yeadon

Bruce A. Youngman

Strategic Metals Ltd., Silver Range Resources Ltd., Rockhaven Resources Ltd., Theia Resources Ltd. and Pacific Ridge Exploration Ltd.

Douglas O. Goss

Don Poirier

Otis Gold Corp.

3. Orientation and Continuing Education

Each new director brings a different skill set and professional background, and with this information, the Board is able to determine what orientation to the nature and operations of the Company's business will be necessary and relevant to each new director. The Company provides continuing education for its directors as such need arises and encourages open discussion at all meetings which format encourages learning by the directors.

4. Ethical Business Conduct

The Board expects management to operate the business of the Company in a manner that enhances shareholder value and is consistent with the highest level of integrity. Management is expected to execute the Company's business plan and to meet performance objectives and goals.

In addition, the Board must comply with conflict of interest provisions in Canadian corporate law, including relevant securities regulatory instruments, in order to ensure directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest.

5. Nomination of Directors

The Board determines new nominees to the Board, although a formal process has not been adopted. The nominees are generally the result of recruitment efforts by the Board members, including both formal and informal discussions among Board members and the President of the Company. The Board monitors but does not formally assess the performance of individual Board members or committee members on their contributions.

6. Compensation

The Company has a Corporate Governance and Compensation Committee, the members of which are Robert C. Carne, Douglas O. Goss and Glenn R. Yeadon. This Committee administers the Company's compensation program, the objectives of which are:

- (a) to attract and retain qualified and experienced executives to drive the continued development of the Company and its current and future mineral exploration assets, thereby creating shareholder value; and
- (b) to provide executives with appropriate compensation and incentives so as to encourage the development of the Company.

7. Other Board Committees

In addition to the Audit Committee and the Corporate Governance and Compensation Committee, the Company has a Technical Committee, the members of which are Robert C. Carne, Bruce Youngman and William A. Wengzynowski. Messrs. Carne and Youngman are directors of the Company. Mr. Wengzynowski is an independent consulting geological engineer.

8. Assessments

The Board will annually review its own performance and effectiveness as well as review annually the Audit Committee Charter and recommend revisions to the Board as necessary. Neither the Company nor the Board has determined formal means or methods to regularly assess the Board, its committees, or the individual

directors with respect to their effectiveness and contributions. Effectiveness is subjectively measured by comparing actual corporate results with stated objectives. The contributions of an individual director are informally monitored by the other Board members, having in mind the business strengths of the individual and the purpose of originally nominating the individual to the Board.

The Company feels its corporate governance practices are appropriate and effective for the Company, given its relatively small size and limited operations. The Company's method of corporate governance allows for the Company to operate efficiently, with simple checks and balances that control and monitor management and corporate functions without excessive administrative burden.

XIV. AUDIT COMMITTEE AND RELATIONSHIP WITH AUDITOR

National Instrument 52-110 of the Canadian Securities Administrators ("NI 52-110") requires the Company, as a venture issuer, to disclose annually in its Information Circular certain information concerning the constitution of its audit committee and its relationship with its independent auditor, as set forth in the following.

A. Audit Committee Charter

The Company's audit committee is governed by an audit committee charter, the text of which is attached as Schedule "A" to this Information Circular.

B. Composition of the Audit Committee

The Company's audit committee consists of three directors, Bruce J. Kenway, Glenn R. Yeadon and Don Poirier. As defined in NI 52-110, each of Messrs. Kenway and Poirier is "independent" and Mr. Yeadon is not "independent".

A member of the audit committee is "independent" if the member has no direct or indirect material relationship with the Company. A material relationship means a relationship which could, in the view of the Company's Board of Directors, reasonably interfere with the exercise of the member's independent judgment.

C. Relevant Education and Experience

NI 52-110 provides that a member of the audit committee is considered to be "financially literate" if he has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexities of the issues that can reasonably be expected to be raised by the Company.

All of the members of the Company's audit committee are considered to be "financially literate", as that term is defined in NI 52-110.

Bruce J. Kenway is a chartered professional accountant who in 1986 became a founding member of Kenway Mack Slusarchuk Stewart LLP, Chartered Professional Accountants. He continues to practice as a partner with that firm. He has been a director of various reporting issuers for many years. He has chaired the Audit Committee for the Company since the Committee's inception.

Glenn R. Yeadon is a barrister and solicitor in British Columbia, practicing mainly in the field of securities law. He has been associated in the practice of law with Tupper, Jonsson & Yeadon and predecessor firms since 1980. He obtained a Bachelor of Commerce from the University of British Columbia in 1975, and a Bachelor of Laws from the University of British Columbia in 1976. He has been a director and an officer of a number of reporting issuers for many years.

Don Poirier is a retired mining executive who previously worked with a mid-tier metals producer and prior to that, in the capital markets area as a mining analyst. He is also a graduate of the Institute of Corporate Directors – Director Education Program at the University of Toronto, Rotman School of Management, and a member of the Institute of Corporate Directors.

The Board of Directors believes that the audit committee members have the relevant education and experience to comply with NI 52-110.

Since the commencement of the Company's most recently completed financial year, the Company's Board of Directors has not failed to adopt a recommendation of the audit committee to nominate or compensate an external auditor.

Since the effective date of NI 52-110, the Company has not relied on the exemptions contained in sections 2.4 or 8 of NI 52-110. Section 2.4 provides an exemption from the requirement that the audit committee must pre-approve all non-audit services to be provided by the auditor, where the total amount of fees related to the non-audit services are not expected to exceed 5% of the total fees payable to the auditor in the fiscal year in which the non-audit services were provided. Section 8 permits a company to apply to a securities regulatory authority for an exemption from the requirements of NI 52-110, in whole or in part.

The audit committee has not adopted specific policies and procedures for the engagement of non-audit services. Subject to the requirements of NI 52-110, the engagement of non-audit services is considered by the Company's Board of Directors, and where applicable the audit committee, on a case-by-case basis.

D. External Auditor Service Fees

In the following table, "audit fees" are fees billed by the Company's external auditor for services provided in auditing the Company's annual financial statements for the subject year. "Audit-related fees" are fees not included in audit fees that are billed by the auditor for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements. "Tax fees" are fees billed by the auditor for professional services rendered for tax compliance, tax advice and tax planning. "All other fees" are fees billed by the auditor for products and services not included in the foregoing categories.

The fees paid by the Company to its auditor in each of the last two fiscal years, by category, are as follows:

Financial Year Ending	Audit Fees⁽⁹⁾	Audit Related Fees⁽¹⁰⁾	Tax Fees⁽¹¹⁾	All Other Fees⁽¹²⁾
December 31, 2017	\$44,554	Nil	Nil	Nil
December 31, 2016	\$40,290	Nil	Nil	Nil

E. Exemption

The Company is relying on the exemption provided by section 6.1 of NI 52-110 which provides that the Company, as a venture issuer, is not required to comply with Part 3 (Composition of the Audit Committee) and Part 5 (Reporting Obligations) of NI 52-110.

C. Incentive Stock Option Plan

At the Meeting, shareholders will be asked to consider and, if thought fit, to pass an ordinary resolution approving the renewal of the Company's Stock Option Plan (the "Plan"). It is a condition of Exchange acceptance of the Plan that shareholder approval for the renewal of the Plan be obtained annually. The most recent renewal of the Plan was approved by shareholders at the Company's Annual General Meeting held on May 25, 2017. The purpose of the Plan is to assist the Company in attracting, retaining and motivating directors, officers, employees and consultants of the Company and to closely align the personal interests of such directors, officers, employees and consultants with the interests of the Company and its shareholders. Options granted under the Plan are non-assignable and may be granted for a term not exceeding that permitted by the Exchange (currently ten years). A summary of the material aspects of the Plan is as follows:

1. the Plan is administered by the Company's Board of Directors or, if the Board so designates, a Committee of the Board appointed in accordance with the Plan to administer the Plan;

4. an option granted under the Plan will terminate one year following the death of the optionee. (These provisions do not have the effect of extending the term of an option which would have expired earlier in accordance with its terms, and do not apply to any portion of an option which had not vested at the time of death or other termination);

5. as long as required by Exchange policy, no one individual may receive options on more than 5% of the issued and outstanding shares of the Company (the "Outstanding Shares") in any 12 month period, no one consultant may receive options on more than 2% of the Outstanding Shares in any 12 month period, and options granted to persons employed to provide investor relations services may not exceed, in the aggregate, 2% of the Outstanding Shares in any 12 month period;

8. in the event of a reorganization of the Company or the amalgamation, merger or consolidation of the shares of the Company, the Board of Directors shall make such appropriate provisions for the protection of the rights of the optionees as it may deem advisable.

A copy of the Plan will be available for review at the Meeting.

The persons named in the form of proxy, if named as proxy, intend to vote such proxy in favour of the resolution to approve the renewal of the Plan, unless a shareholder has specified in his proxy that his common shares are to be voted against the resolution.
